*We care for
you like family*

La Porte Regional Health System provides services for people that need extra time to recover in the hospital before going home. We know it's not easy being away from home. That's why we care for you like family.

Our goal is to return you to an independent lifestyle. Your customized plan is developed upon admission and centers around your wants and needs. The plan identifies personal goals, services to be provided and a discharge plan.

● **Short Term Care**

Inpatient rehabilitation is available for those who may benefit from three hours of therapy a day.

▲ **Transitional Care**

The Continuing Care Center is available for those who may benefit from less than three hours of therapy a day or need general medical care.

■ **Long Term Care**

The Continuing Care Center is available for those who have health problems requiring 24-hour care.

Outpatient Wellness & Rehabilitation is available for those needing additional services upon discharge.
